Supervisor of Assessments

Property Record Card

## A GUIDE TO WILL COUNTY LOCAL TOWNSHIP ASSESSORS

Township assessors are elected officials responsible for valuing your property for tax purposes. They determine the fair market value of your home and use this information to calculate your assessment. Fair market value is the amount your home would likely sell for in a competitive, open market. This value is based on many factors, including your property characteristics, current sales of like homes in your area, and a sales ratio study that takes the three previous years' sales into account. Generally, your assessment is determined by taking one-third of your market value and subtracting any exemptions that you may be entitled. Only your township assessor can tell you what factors went into your assessment.

Assessors are also responsible for maintaining accurate property record cards for all properties within a township. The cards contain relevant information about your property like square footage, number of plumbing fixtures, year built, etc. Visit your assessor's office to view your card. Some assessors have Websites with property record card information. You can also find property record information on the Supervisor of Assessments Website, if available.

### FREQUENTLY ASKED QUESTIONS

#### What steps should I take to resolve an issue with my assessment?

**Step 1:** Contact your local township assessor. Many times simply talking with your assessor can lead to a resolution or understanding about your assessment. You can find your assessor's contact information on the back of this flyer or on your tax bill.

**Step 2:** Check that the property characteristics are correct on your property record card.

**Step 3:** Compare your assessment to comparable to assessments and sales of like homes in your neighborhood. You can view your neighbors' assessment values on your township assessor's Website or on the Supervisor of Assessments Website.

#### When should I contact my assessor?

As soon as you suspect your assessment might be incorrect. Assessments are published in mid to late August, and you have thirty days after the publication date to formally appeal your assessment. Assessors are very busy just before the deadline to appeal, so the sooner you contact them, the more time they will have to address your particular issue.

#### What if I can't come to a resolution with my assessor?

If you cannot find a resolution with your assessor, you can appeal your assessment to the Will County Board of Review. For more information about how to file an appeal or to download appeal forms, visit the Supervisor of Assessments Website.
